

Learn fire safety with Jamie

**How safe are your children?
Do they understand the dangers of fire?
Would they know what to do in
a fire emergency?**

Educating children about fire safety not only teaches them life saving skills if they were caught in a fire situation, but also helps them understand the dire consequences of playing with fire.

An Australian first, Learn Fire Safety with Jamie is unique in its content as currently there are no Fire Safety books for children.

Endorsed by Professor Fiona Wood, Australian of the Year and burns specialist, she says, "Jamie got it right ..." This book tells the story of two young boys who visit a fire station where they learn:

- Fire safety skills
- Fire prevention and,
- Responsible use of fire

Written by an Australian author and previous Fire Educator, the book has 40 easy-to-read, brilliantly illustrated pages full of fire safety messages. At \$19.95 plus postage and handling, together you and Jamie can teach your children fire safety and hopefully avoid the tragic consequences of fire.
